

Whitaker International Fellows and Scholars Program

Awards in Biomedical Engineering for Overseas Study/Research

Dean of School or Department Chair's Nomination Letter

Applicant Name _____
Last *First* *Middle Initial*

Respondent Name and Title _____

Respondent Department and Institution _____

This nomination is prepared with the understanding that my comments will or will not be held confidential.

Please describe the applicant's abilities relative to biomedical engineering research; please also assess the applicant's potential for a career in international biomedical engineering research. You may either begin your comments below and continue on your institution's letterhead, if necessary, or complete the entire reference on institutional letterhead. **Please print the reference on one side of a sheet only**, using a minimum of 11 point standard font.

Overall Recommendation

1	2	3	4	5
Recommended with exceptional enthusiasm	Recommended with enthusiasm	Recommended	Recommended with reservations	Do not recommend

Signature of Respondent _____ Date _____
